The Bank Statement an Agreeable Surprise The Quotations.

WALL STREET, Saturday, March 26 .- The opposing factions in the stock market had a battle royal this morning, and in the end the advantage rested with the bears. Prices, as a rule, were lower at the opening, but soon afterwards Reading forged to the front and rose to 58% on the revival of the report from renton that the Lease bill had been signed. In order to become a law the bill must be filed with the Secretary of State. Up to the close of the Stock Exchange nothing had been eard of the bill at the Secretary's office.

The Industrials also showed considerable strength, particularly Distilling & Cattle Feeding and National Cordage. After 11 o'clock the bears made a determined raid on the list, and, owing to the lack

of support in Northern Pacific and Richmond Terminals, they were more successful than usual of late. Richmond Terminal preferred broke 5, to 6054, and trust 58 234, to 60. The general market fell anywhere from 14 to 114 per cent., and left off heavy.

The Texas Railway Commissioners have reduced cattle rates 20 per cent.

The sliver market was demoralized, certificates failing to 854, at the Stock Exchange without any business to speak of. At the close there was a raily to 874. Bar sliver in London was nominally 40d. bid.

The bank statement was a complete surprise. A loss in reserve had been fully counted on, but instead the surplus shows an increase of \$1,807,725, and the banks now hold \$18,007,425 in excess of the 25 per cent. legal requirements. A feature of the statement was the heavy contraction in loans, which reduced the deposit loans \$4,187,300. Following are the comparative figures:
